

A Senior Care Community

Update Published July 15, 2020

The Home on Eighth has reported one new positive case in a staff member to the Minnesota Department of Health and local Public Health. The staff member did have interaction with residents on the 4th neighborhood. The staff member was wearing appropriate PPE during resident facing interactions. Any staff caring for residents on 4th neighborhood will be wearing all the proper personal protective equipment such as surgical mask, isolation gown, eye protection and gloves.

Our top priority is to keep everyone safe and healthy. We continue to follow CDC and MDH recommendations and are in contact with them as we work through these new cases of COVID-19. We are working with Mayo Clinic on conducting testing of staff and residents with potential exposure in the neighborhood.

Please know we are doing everything we can to stop the spread of this virus.

Please reach out to us if you have further questions at 507-289-4031 and ask for Kyla Berg or Dee Erbe-Shea.

**Current # of Positive Cases**

<b># of Staff</b>	1
<b># of Residents</b>	0

As of today, July 15, we have had no positive resident cases at Samaritan Bethany. For that we say; "Thank You God!"
