

A Senior Care Community

Update Published November 1, 2020

The Home on Eighth has been notified of 13 new positive cases of COVID-19 as of November 1, 2020. Three of the cases are with residents on 2nd, 5th and 6th in Cityview and 10 cases are with staff members located in both Cityview and Heritage Rehabilitation. The staff members did have interactions with residents in both Cityview and Heritage Rehabilitation. We have increased testing of all staff and residents in Cityview and Heritage Rehabilitation to every 3-7 days until we have identified the source of the outbreak. Once the source is identified we will continue testing weekly until testing identifies no new cases of COVID-19 infection among staff or residents for a period of at least 14 days since the most recent positive result.

Window visits will be put on hold at this time. Once we are able to resume those visits as well as our plan for indoor visits, you will be notified. Hair care will also be closed until further notice.

Our priority is to keep everyone safe and healthy. We are in very close communications with local and state health officials to ensure we are taking all appropriate steps at this time.
