Hearts at Work

At Samaritan Bethany, caring is at the heart of everything we do, and Hearts at Work is a meaningful way employees put that care into action.

This employee giving program allows team members to make personal and impactful contributions. With any dollar amount per paycheck employees help support programs and services that make a difference for the residents.

We are grateful to our employees for being Hearts at Work!

A little winter fun ~ crafts, outings, and baking!

At Samaritan Bethany, we offer a wide array of enjoyable activities that foster laughter and connection among everyone. Our Life Enrichment programming is tailored to the interests of our residents, and we take great joy in hosting baking groups or creating special projects together.

If you're interested in volunteering or know someone who would like to spend some enjoyable time with our residents, please have them **contact Kelsey Wright at kwright@samaritanbethany.com**.

Lovin' the Way We Train

Samaritan Bethany proudly received LeadingAge Minnesota's Stars Among Us, Excellence in Practice Award for Workforce Development for its Onboarding and Orientation Program. This award underscores the organization's commitment to providing a supportive experience for new team members, enhancing retention, and ensuring employees feel informed and connected.

LeadingAge Minnesota honors achievements in the active aging field, and this recognition was shared at the Annual Institute Conference.

Special thanks to Anna Pence-Bouska and Denielle Villar for their leadership and dedication in shaping the onboarding experience that reflects the organization's values. Their hands-on approach and continuous person-centered mindset have played a key role in our program and this award!

Rockin with Ronnie
